Re: Chamber's Support for the Detroit River Rail Tunnel (DRRT)

Gentlemen:

Thank you for your presentation and request for support of the Detroit River Rail Tunnel project to the Windsor & District Chamber of Commerce Transportation Committee on November 20, 2007. As a result, your request was referred to the Chamber's Board of Directors.

I am pleased to inform you that at its November 26, 2007 meeting, the Board of Directors passed a motion in "support for the construction of a high clearance rail tunnel between Windsor and Detroit."

The Chamber is also pleased at the prospect of the new significant investment of \$350 million in our community and the jobs created as a result.

Sincerely,

Peter Hrastovec
Chair of the Board
