Spring Policy Survey: Make your voice heard at Queen's Park!

ontario chamber of commerce

As a valued member of Ontario's Chamber Network of over 60,000 businesses,

we are calling on you to share your opinions with us to help up better understand the business climate across Ontario's diverse communities.

The spring survey is one of two annual policy surveys that help shape the Ontario Chamber Network's advocacy work for the coming year. The answers to these questions influence our policy and advocacy, which directly impacts what the government understands about Ontario's business community.

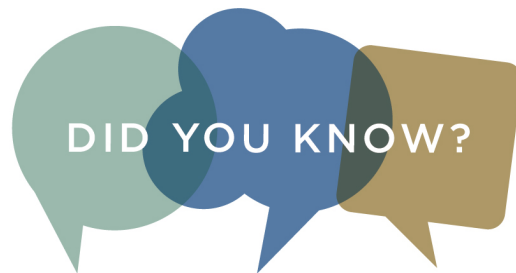

Last year, the results of this survey garnered considerable top-tier media and government attention for the Ontario Chamber Network, and increased the impact of the Ontario Economic Report.
